

Fondazione Cortina 2021, with headquarters in via Marangoi 1, 32043 Cortina d'Ampezzo, inform customers that they will process their personal data (such as name, surname, e-mail address, phone number, plate number and tax seal of competition tickets) in an electronic manner, to be able to sell them the parking tickets for the Cortina 2021 FIS Alpine World Ski Championships in Cortina d'Ampezzo, to fulfill legal obligations, to hinder the scalping phenomenon by means of tax seal validity verification and to safeguard the rights of the Fondazione.

For this purpose, customers' personal data will be preserved for the time necessary to fulfill the objective for which they are required. The criteria to determine the conservation period of the personal data take into consideration the period for which the processing is allowed and the regulations relevant in relation to tax system, rights prescription and the nature of the lawful interest where they establish the juridical base of the processing.

In compliance with what is expected from the regulations in force, personal data could be conserved for a period greater than what was originally planned, in case of any potential controversy or requests from the competent authorities.

Access to the personal data will be by workers authorized by Fondazione and/or the companies of the Group or Third Parties acting as appointee, those responsible for the processing, and system administrators. Personal data is processed in Italy and therefore within the European Union. The Personal Data processing with the defined aims is essential and compulsory for the purposes of the contract execution of which the Affected is part, as well as to adhere to the legal obligations of art. 6 letters b) and c) of the European Regulation; an eventual refusal to the Personal Data provision will have as consequence the impossibility of executing correctly the undertaken obligations, in other words the supplying of the parking space.

Any customer can carry out their Privacy rights (proof of the existence of a treatment, data update, opposition, removal, cancellation, portability) by sending an e-mail to [privacy@cortina2021.com](mailto:privacy@cortina2021.com). Any customer has the right to file a complaint to the Competent Control Authority. Any customer can also contact our DPO-Data Protection Officer in VG PRIVACY S.R.L. with headquarters in Torri di Quartesolo (VI) at Via Pola n.24, which can be contacted freely at the following e-mail address: [dpocortina2021@vescogiaretta.com](mailto:dpocortina2021@vescogiaretta.com).
